

Grants Pass Golf Club
Green Committee Minutes
July 11, 2011

Gary Fahl called the meeting to order at 3pm. In attendance were Terry Soeteber, Denny Curle, John Delaney, Dee Hushbeck, Mickey Rhodes, Gary Schaefer, Matt Reams and Rex Titus.

Denny Curle's comments from the Board included presenting a letter from Andy Baida. Andy's letter focused on the condition of the golf course and most of his comments were not positive. The issues that he brought up were discussed and a letter will be written to Andy as to the general thoughts of the Green Committee.

Matt Reams gave a report on the property to the right and behind #6 green, which is owned by Mr. Stan Phernambucq. Stan is a member of the Grants Pass Golf club and had made a proposal to the club, which would transfer ownership of said property to the club. After much discussion the committee did not feel that the property in question was worth a trade out of complimentary dues in exchange for the property. The committee did have some positive suggestions and Matt will relay those ideas to Mr. Phernambucq in a written letter.

John Delaney gave his report which included letting us know that 30 tons of sand has been added to our bunkers since April. We have about 3 tons left and that will be added on as needed basis. Most of the benches have been refinished, painted and placed back on the course. It was generally thought that our greens are getting a little soft, in that foot prints are showing up on the greens.

A members work party was scheduled for August 22nd at 9am. Lunch will be served for all those who participate.
