

Grants Pass Golf Club  
Minutes  
Pro & House Committee Meeting  
June 12, 2010

Attending: Andy Dalisa, Kevin DeForest, Terry Nelson, Tom Jarvis and Matt Reams

The meeting was opened at 3:30 PM. The results of the monthly audits of the Pro Shop, Clubhouse and restaurant operations were discussed.

The highlights for Pro Shop operations are:

- Member rounds up by 36% most likely due to improved weather compared to May.
- Guest rounds up by 108% most likely due the weather and lower guest fees.
- Public rounds down by 20% most likely due to the increase in green fees (\$54 incl cart on weekdays, \$62 incl cart on weekends).
- Request was made to DoG to review the greens fee for juniors. The rate of \$10 for 18 holes for any player 18 years of age or youger appears to be unnecessarily low and not in keeping with other course in the area.
- Request was made to DoG to examine ways in which the members could have better access to the course on Monday mornings during the eight week Junior program. The ideas suggested by the committee were to start the Junior program later in the morning (10:00AM) or to make it an afternoon program. These proposed changes would be for next year.

The audit of the clubhouse and restaurant operations found no significant issues that were not already being handled by the DoG and his staff.

The meeting was adjointed at 4:45 PM.
